

VREDO

## Super Compact Series

Due to the unique action of the Vredo seed application, the grass seed is placed in direct contact with the soil, giving almost total seed germination. A double row of discs give 35mm seed spacing, meaning that one-pass operation will generally suffice with no disruption to play even on fine turf. 4 models of the Super Compact Series are available, each as a 3-point linkage mounted option or towed with it's own hydraulic lift frame.

### Specification

Model	DZ 212.035	DZ 216.035	DZ 218.035	DZ 222.035
Disc spacing	35mm	35mm	35mm	35mm
Working width	1.20m	1.60m	1.80m	2.20m
Overall width	1.42m	1.82m	2.02m	2.37m
Hopper capacity	135 litre	180 litre	200 litre	220 litre
Weight (empty) mounted	660kg	810kg	865kg	1,035kg
Weight (empty) towed	980kg	1,130kg	1,205kg	1,355kg
Tractor power (towed)	30hp	35hp	50hp	60hp
Tractor power (mounted)	45hp	55hp	60hp	70hp
Operating speed	up to 15km / hr			
Options	Towing frame / weight carrier / weights
